

THURSTON'S FLIGHT

Regarded as a shrewd Diplomatic Stroke.

RELATIONS WILL BE STRAINED

He Has Not Notified the Department of His Return to Honolulu.

WASHINGTON, March 26.—It was said at the state department this afternoon that Minister Thurston had not notified the department of his return to Honolulu or to be absent from the city. It is usually customary for a minister to notify the department of his intention and to say who will be in charge of affairs during the minister's absence. Of course there is yet time for Mr. Thurston to send such notification, and one of the department officials said no doubt it would be received before Mr. Thurston left the country, if he had determined on going.

Mr. Thurston's departure put an end to previous rumors as to his purpose to remain in Washington as a correspondent in the state department. His statement does not make clear, however, whether his absence is temporary or permanent, and the nature of his duties in the state department. It is recorded as a fact, however, in showing that he will not seek to remain in Washington as a source of any irritation. There have been reports, however, to be sure, that Mr. Thurston is remaining in a private capacity, but Mr. Thurston's statement is regarded as settling that there will be no occasion for ordering him from the country.

In some quarters Mr. Thurston's move is regarded as a shrewd diplomatic stroke. It is recalled that he left Honolulu for Washington in 1893, when the Hawaiian government was in a critical stage in Hawaii. The Hawaiian government was on the point of reaching a decision, but had not yet done so. It is recalled that Mr. Thurston, who was then in Honolulu, was suddenly called to Washington, and his departure was not known until he was well on the way to San Francisco. He was full of information as to the sentiment in the Hawaiian Islands, and his presence in Honolulu was a great asset to the Hawaiian government. His departure was a great loss to the Hawaiian government, and his return to Honolulu was a great asset to the Hawaiian government.

The departure of Mr. Thurston from the Hawaiian Islands without being recalled by his government will leave the relation between this government and Hawaii in a peculiar condition. It cannot be said that there is a rupture of diplomatic relations, but they will certainly be severely strained. It is a common-sense view that a minister leaves the United States permanently for him to present letters of recall to the President and take his leave. But as Mr. Thurston has not taken his leave, it is probable that Mr. Thurston has adopted the latter course. But in the celebrated Oakes case, in which the Hawaiian government had been requested to recall its objectionable minister, and had refused to do so, the Hawaiian government had been requested to recall its objectionable minister, and had refused to do so.

In the end Mr. Oakes did leave the United States without being recalled, and Mr. Thurston is also leaving the United States without being recalled. The Hawaiian government is now in a peculiar position. It is a common-sense view that a minister leaves the United States permanently for him to present letters of recall to the President and take his leave. But as Mr. Thurston has not taken his leave, it is probable that Mr. Thurston has adopted the latter course. But in the celebrated Oakes case, in which the Hawaiian government had been requested to recall its objectionable minister, and had refused to do so, the Hawaiian government had been requested to recall its objectionable minister, and had refused to do so.

To Compete With Eastern Colleges. BARKLEY, Cal., March 26.—Students of the state university today subscribed \$1000 toward a fund to send an athletic team east to compete with Harvard, Yale, Princeton, Chicago, Pennsylvania and other eastern universities. Arrangements have been made to meet Princeton on May 10, to play Pomona on May 18, to enter the inter-collegiate games at Mount Haven May 20th, and to contest with Harvard in Boston on June 1st. No definite arrangements have been made with other universities, but it is probable that the team will be made up of the best players in the state.

THE SANTA CLARA ROUTE.

Its Advantages Set Forth by a Delegation From San Jose.

SAN FRANCISCO, March 26.—A delegation of citizens from San Jose, headed by Mayor Austin, were in consultation this afternoon with the board of directors of the San Joaquin Valley Railroad Company, setting forth the advantages of the proposed route through Santa Clara county. They announced that the people of San Jose would be prepared to take \$500,000 worth of stock in the road and then furnish the rights of way in a great part. They asserted, too, that a right of way through Santa Clara county, thickly settled as it is and cut up into small fruit orchards and ranches, was a more valuable consideration than a right of way through counties in which the land is largely tracts.

Shot His Wife and Killed Himself. SAN FRANCISCO, March 26.—Frank Sattler, an assayer, shot and fatally wounded his wife and then killed himself. The couple quarrelled and parted several weeks ago. Tonight Sattler called on his wife at the Lexington hotel and asked her to go to his room. She refused, saying "You want to kill me" at the same time running into another room. Sattler pursued her and shot twice, one bullet striking her wrist and the other lodging in the head. He then turned the weapon on himself and sent a bullet into his brain.

BISMARCK HONORED.

THE EMPEROR PRESENTS HIM A GOLD SWORD

On Behalf of the Army, and Congratulates Him Upon His 80th Anniversary.

FRIEDRICHSHAGEN, March 26.—Emperor William, at the head of a detachment of cavalry and infantry, with sails flying and bands playing, paid his respects to Bismarck, and presented a gold sword of honor in behalf of the army, and congratulated him upon the 80th anniversary of his birth. His majesty was accompanied by the crown prince, Frederick William, General Bismarck, von Schellendorf, the minister of war, and the officers of his military household.

The ceremonies attending the visit of the emperor to the chancellery, though hurried by showers of rain, were brilliant and imposing. The crowd numbered all will through the Sachsenwald, and nearly 1000 persons entered beyond a low hedge on the railroad embankment opposite the castle, while others were grouped along the roadway to Annaberg, a village not far from Friedrichshagen, and waited patiently in the densest shadows for the arrival of the emperor. His majesty arrived at 8.30 o'clock this morning for Friedrichshagen. He wore the uniform of the crown prince, mounted a horse and, accompanied by his suite, rode quickly to the spot selected for the assembling of the troops detailed to do honor to Prince Bismarck. In the meantime the imperial train with the crown prince had arrived, and soon after the latter's arrival there music in the distance announced the approach of the cavalry, headed by his majesty.

PAROCHIAL SCHOOLS.

The Situation in Manitoba Grows More Complicated.

ST. PAUL, March 26.—A Winnipeg, Man., special to the Pioneer Press says: The first step in the renewed fight over parochial schools in Manitoba began in the legislature this afternoon when the full message was presented from the dominion government and the action of the Manitoba legislature gave the Catholics their rights as they existed before the abolition of parochial schools in 1880.

THE MARKETS. SAN FRANCISCO, March 26.—Wheat—Steady; December, 85 1/2; May, 87 1/2; barley—Quiet; December, 73c; corn—To provide for the formation of sanitary districts. Bran—4 1/2 per ton.

APPROVING THE BILLS.

Nearly Two Hundred Signed Yesterday.

FRANCHISE SALE BILL UNSIGNED

The Bill Reducing the Number of Judges in Fresno County Signed.

SACRAMENTO, March 26.—The governor's office was very quiet today, only a few callers being in waiting, and very few of them saw him. He had worked very late last night on bills, and the result was that nearly seven more bills bear his signature. They are as follows:

A. B. 67.—Changing the fiscal year of cities operating under a charter framed under section 8, article 11 of the constitution. A. B. 68.—To pay the claim of T. Carl Spelling against the state. A. B. 69.—To amend section 726 of the Code of Civil Procedure relative to the foreclosure of mortgages.

IRISH SUPERSTITION.

A HUSBAND BELIEVES HIS WIFE BEWITCHED.

She is Burned to Death in the Presence of Male and Female Relatives.

WATERFORD, Ireland, March 26.—A most extraordinary case of murder arising from superstition was inquired into today by the special court of Clonmel, twenty-five miles from here. Three persons were arraigned before the court charged with murdering a Mrs. Cleary. The prisoners included the murdered woman's husband and father, and the evidence showed that she was suffering from nervousness and bronchitis, and her husband, believing her to be bewitched, obtained a conjugal ban from the priest.

STOPOVER SUITS.

The Railroad Files a Voluminous Bill in Equity.

SAN FRANCISCO, March 26.—The numerous damage suits recently begun against the Southern Pacific Company for refusal to grant stopover privileges in California and Nevada, and causing the railroad officials no little trouble. The Southern Pacific Company filed a voluminous bill in equity against all the people who have sued the company for damages for not granting stopover privileges to compel them to litigate all their causes of action in one suit, and to perpetually join them from bringing more than one suit. The suit was brought in the name of the Southern Pacific Company, and the defendants are all the people who have sued the company for damages for not granting stopover privileges.

SAILORS SCALDED.

Boiling Water Sprung on the Floor of the Fire Room.

VALLEJO, March 26.—The coast-defense vessel Monterey arrived here today from San Francisco. The bursting of one of the fire pipes while an experiment with the steering gear was being made resulted in the scalding of Assistant Engineer Thos. Arthur and Hayes, Officer Lon and Fireman Harrison. Thos. Arthur was scalded in the face and neck, and the other two were scalded in the arms and hands. The fire pipe burst in the fire room, and the boiling water sprang on the floor of the fire room and on the men who were working there.

ANOTHER INDICTMENT

Against C. P. Huntington for Issuing Passes.

SAN FRANCISCO, March 26.—The United States grand jury filed another indictment against Collis P. Huntington, president of the Southern Pacific Company, today for violating the interstate commerce law by issuing a pass outside the state. It was alleged that a technicality might nullify the first indictment. The grand jury was determined that the railroad magnate should be brought to trial, and fearing that Attorney General Olney might quash the first indictment, today presented an amended indictment, knowing that Huntington had left New York and is now en route home.

Wanted a Long Rest.

OBOLIVILLE, March 26.—John Swan, a pioneer miner, swallowed last an ounce of carbolic acid and jumped off the suspension bridge here into the Feather river. He left a note stating that he only had a dollar and was in misery all the time. He had not believed in a better state he proposed to take a good, long rest.

Blake Will Recover.

SAN FRANCISCO, March 26.—Walter J. Blake, the Stockton newspaper man who was shot by a highwayman in this city on Sunday night, is now out of danger and his physicians are confident of his ultimate recovery.

PLIGHT OF TWO WOMEN

Once Rich They Return From Europe Paupers.

UNABLE TO PAY FOR LODGINGS

Mrs. Alexander Majors and Her Daughter Sook the Oblivion of a Poor Farm.

KANSAS CITY, Mo., March 26.—Once rich, and that not many years ago, possessed of a wardrobe and diamonds deemed consistent with women of their reputed means, traveling in Europe as wealthy tourists, Mrs. Alexander Majors and her daughter returned finally to Kansas City, their old home, their diamonds in pawn, their costly wardrobe almost depleted and being no longer able to pay for even the meager lodgings, they confessed to Judge Stone, of the county court, that they were destitute and asked to be sent to the poor house. They are of the family of Alexander Majors, once claimed among the wealthiest citizens of Kansas City.

The Stolen Schooner.

SANTA BARBARA, March 26.—The schooner Star of Freedom, reported stolen from Captain Johnnie at San Francisco, was here March 24. It was in command by the same crew as the schooner. The name had been painted out and the boat rechristened "Natalie." Bartels is well known here, and said he was going home. He is very reticent and indolent.

SUBMARINE TORPEDO BOAT

A Contract Signed for One of the

Holland Type.

WASHINGTON, March 26.—A contract

was signed today by Secretary Herbert

with the John P. Holland Torpedo Boat

Company for the construction of a sub-

marine boat for the use of the navy.

The contract, which may make a radical

departure in naval construction, was

signed only after a thorough consid-

eration extending through a period of

nearly two weeks on the subject for the

submarine boats and after various plans

for such a craft had been examined.

The appropriation for a submarine tor-

pedo boat was made over two years ago.

The dimensions of the vessel contract-

ed for are: Length 300 feet, beam 31

feet, displacement (total weight when

submerged) 1250 tons. All parts of the

vessel and the steel to be used in her

construction are to be of domestic man-

ufacture. She is to be completed twelve

months from date under this contract.

The contract calls for a speed of fifteen

knots when the boat is in a light condi-

tion. The secretary may refuse to ac-

cept the boat if it falls in a knot an

hour below this speed named, or accept

it at a reduced price. The price to be

paid for the boat is fixed at \$1,500,000.

It is expressly stipulated that the United

States shall have the optional right to

acquire the patent right for the Holland

type of boat, the price to be paid for

the rights to be determined by a board

of three naval officers, the option to run

until thirty days after the first session

of congress succeeding acceptance of the

vessel. This provision is to give the

United States legislation for the acqui-

sition of the patent if desired.

Big Fire in Milwaukee.

MILWAUKEE, March 26.—Fire broke

out tonight in the four-story block on

Grand avenue, owned by the Plankin-

ton estate, and completely destroyed the

building and contents. It was occupied

by Landau & Co., wholesale dry goods

and Tanager & Co., furnishing goods.

The total loss will be between \$100,000

and \$300,000. At 1:45 the fire in the

factory in the under control. It has

now become one of the worst fires in the

history of the city. The flames were

carried across the street to the Y.M.C.A.

building on the north, where the fire in

the west, and that is now a total loss.

At this writing the loss exceeds \$1,

000,000.

Price of Coal Advanced.

SAN FRANCISCO, March 26.—R. Dun-

smuir & Sons have advanced the price

of coal to dealers to \$8 per ton of 2200

pounds. Last September the price was

lowered 50 cents per ton. The former

rate is now restored. Representatives

say there was no profit in selling coal at

that price. The increase will be

borne by consumers, whose rate will

likewise be raised by the retail dealers.

Miss Gould Coming.

ST. LOUIS, March 26.—Miss Helen

Gould and her brother Frank, physician

Dr. J. Munn, and a party of friends

from New York, N.Y., are stopping at

the Southern. The party is on the way

to the Pacific coast, where Miss Gould

will try to recover from the effects of

the grippe, from which she has been

suffering recently.

SCOTT-LAWSON.

Wedding of Two Well Known

Young People at Seina.

At Seina last evening occurred the

marriage of William S. Scott of this city

to Miss Maudie A. Lawson, formerly of

Modesto, but later of Seina. The cere-

mony was performed by Rev. Soren N.

Marsh of Fresno, at the home of the

groom's parents. The groom is well

known in this city, and his friends

who extend to him and his bride all the

well wishes can give. Mrs. Scott is de-

servedly popular among all those who

know her.

The ceremony was performed

in the presence of many invited guests.

The house was decorated with flowers

and every guest suited to the happy oc-

casion, and there were showers of con-

gratulations from friends.

Mr. and Mrs. Scott intend to make

their future home in Fresno. He has

lived here for some years, and will take

up the journey of life in earnest from

this time forward. The marriage was

witnessed by a surprise to his guests, but

their surprise was a pleasing one.

NEARLY ASPHYXiated.

The Serious Effect of Escaping

Gas.

Mrs. Coffman, mother of John W.

Coffman, and a boy about 12 years of

age, was nearly asphyxiated last night,

the result of escaping gas in their bed

room. They retired at 10 o'clock, and

shortly after 1 o'clock Mr. Coffman, who

sleeps in an adjoining room, was awak-

ened by the hearing the boy breathing

heavily, and found both his mother and

the boy unconscious.

Dr. J. L. Maupin was called and he

had little difficulty in resuscitating the

boy, but Mrs. Coffman remained insen-

sible for a considerable time, but was

finally restored. The escape was a nar-

row one, as they had lain three hours

in a close room with a full flow of gas.

The boy turned out the gas, and it is

supposed that the mother was suffocated

by the gas. It is another case of the

kind which has been known to occur.

Mrs. Stephen Barton of Folsomfield is

visiting Mr. Alex. J. McVior Tyndall, the

gentleman who offers to be buried for

thirty days, says Horatio's philosophy

entirely at fault in a sixth sense.—

Portland Oregonian.

Is he man or devil? Whatever it is,

clairvoyance or spiritualism, it is surely

wonderful.—St. Louis Republic.

McVior Tyndall is certainly the most

wonderful spiritualist medium we have

known.—The People.

The people attending Tyndall's seances

were perplexed at the wonderful tests

given, and from the talk of the people as

they left the hall they seemed thor-

oughly satisfied with what they saw and

heard.—New York Herald.

Those who missed seeing Tyndall last

night missed one of the greatest marvels

of this century. He is an eighth won-

der.—New York Sun.

These are only a few of the many tes-

timonies in the possession of Mr. Tynd-

all from the press and private individ-

uals.
